

Job Opportunities at Kalkaska Screw Products (KSP)

KSP is looking for 2nd shift Hydromat machine operators to join our employee-owned company.

We offer competitive wages starting \$15.00 per hour plus a \$1/hr shift premium plus a \$50/week attendance bonus. This adds up to over \$47k/yr to start for an individual with a good work ethic.

We have a good benefit package with lower-than-average employee premiums.

Benefits include Medical, Dental, Vision, and No cost life insurance

Additional benefits include 401K, ESOP shares (Employee-Owned Company, no cost to employee)

As a machine operator you would monitor a multi spindle transfer machine consisting of a series of stations that machines components for a variety of industries. Operators load material, monitor and change tooling, perform quality checks, perform routine daily maintenance, and wash parts at the end of the day. Experience with machining, measuring equipment and reading blueprints is a plus!

We provide on the job training, great culture and more!

These are full-time positions working (5) 10-hour shifts M-F, with weekends available for those interested in earning more.

You can apply online at www.kalkaskascrew.com or by stopping by our front office and picking up an application.

Located just 2 miles north of Kalkaska on Hwy 131.

Please email a completed application to: HR@kalkaskascrew.com
